ENSIGN EQUIPMENT

HYDRAULIC BOX DUMPER

Extended Pivot

SMART SOLUTIONS TO KEEP YOU MOVING!

Extended pivot dumper shown with optional grated floor and debris slot.

Ensign is an industry leader in controlled dumping technology.

From standard products to automated systems, our full line of dumpers are designed to move your materials from bulk containers to your processing equipment efficiently and effectively.

Constructed from mild or stainless steel, our equipment is offered in several sizes, capacities and options to meet the spectrum of process requirements.

Ensign dumpers are built with pride using only high quality components and designed for years of trouble-free operation. When you need it, superior customer service is immediately available from the Ensign Service Team. Most parts are in stock and available to ship same day.
